## A new take on translucent kiln-altered glaze! Gleaming tiles with glass-like transparency

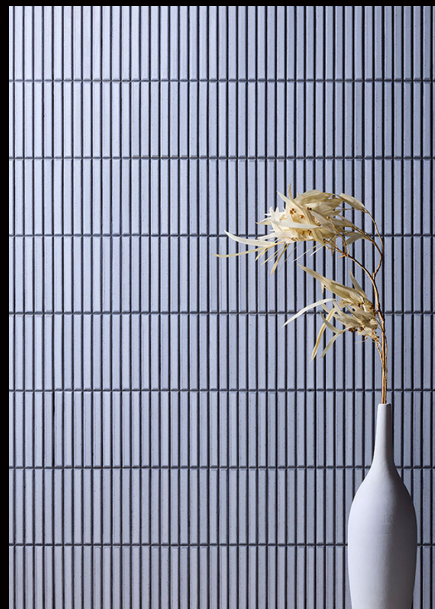

The prized and popular Yohen glaze takes on an exceptionally beautiful quality when enhanced with transparency resulting in the subtle sheen of Suisai tiles. Suisai tiles retain the traditional charm of the original glaze while revealing a modern, glass-like transparency. This collaboration of color interest and clarity creates a new and unique tile collection for today's home.

## Glass-like transparency for kitchen backsplashes

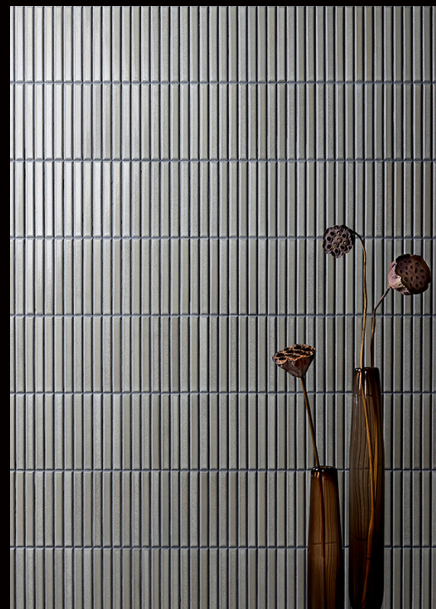

The glass-like transparency of the Suisai collection complements the clear, refreshing qualities of water, making it ideal not only for bathroom walls but also as a replacement for glass mosaic in kitchen backsplashes. Available in four cool, softly muted colors.
